

TERRY WINTERS

Biografia

Terry Winters nasce a Brooklyn nel 1949, frequenta il Liceo di Belle Arti e Design in New York e continua la sua formazione in arte nell'Istituto Pratt fino al 1971. Le sue prime pitture sono influenzate dal minimalismo: pitture monocromatiche, come quelle di Brice Marden. Nel frattempo Winters introduce nei suoi disegni simboli astronomici, biologici e architettonici che diventano le strutture principali dei suoi lavori. Comincia ad esporre i suoi lavori nel 1971, ed nei primi anni '80 le sue idee sono evolute in un tipo di griglie sciolte in una forma organica sulla tela.

La sua prima mostra personale fu nel 1982 alla Galleria Sonnabend in New York; seguita dalla partecipazione alla Whitney Biennial nel 1985, 1987 e 1995. In più, a Tate Gallery in Londra ha realizzato un one man-show; le sue opere sono state esposte a Corcoran Gallery of Art ed anche in tanti musei e gallerie. Bill Goldston invita Winters a scrivere per Universal Limited Art Edition nel 1982. Winters ha lavorato per ULAE diventando sempre più complesso, combinando elementi del disegno nella pittura.

Vive e lavora in New York e Ginevra (Svizzera).
